

WebLogic Training: What To Look for!

With all the WebLogic training options for IT professionals around today, it's hard to figure out which company will offer the most professional, reliable training options – both open enrollment and on-site training.

Here's SYS-ED's checklist of key benefits that will make your training investment really pay off.

ARE THESE BENEFITS INCLUDED?	SYS-ED	OTHERS
<ul style="list-style-type: none"> Comprehensive, coordinated curricula for WebLogic with all the major operating systems platforms: AIX, Linux, and Microsoft Windows 	YES	NO one comes close!
<ul style="list-style-type: none"> Complete range of web enablement and XML integration with IBM's core mainframe systems software – DB2, CICS, and IMS. 	YES	NO
<ul style="list-style-type: none"> Integration with all the database engines, Oracle, SQL Server, and Sybase. 	YES	NO
<ul style="list-style-type: none"> Expertise in J2EE, EJB and Web Services development. 	YES	A Few.
<ul style="list-style-type: none"> Consultancy and tailored training for integration with WebSphere MQSeries and .NET. 	YES	A Few.
<ul style="list-style-type: none"> Utilities & Platforms Tools: JMeter, JUnit, ANT, and STRUTS 	YES	NO
<ul style="list-style-type: none"> Qualified training consultant for needs analysis and skills inventory? 	YES	NO
<ul style="list-style-type: none"> Warranty of Service 	YES	NO
<ul style="list-style-type: none"> Additional charge for customized training? 	NO	YES
<ul style="list-style-type: none"> 100s of WebLogic references! 	YOU BET	?

If you ask other training companies the answers to these tough questions, you'll probably make the decisions thousands of decision makers like yourself made, to get your training from The Computer Education Professionals at SYS-ED. As an independent training company, we have the advantage of impartiality. We have nothing to sell; we only teach! And we do it very well!
